

**3M™ Coban™ NL**  
Non-Latex Self-Adherent Wrap

**Non-Sterile**

**Produktbeschreibung**  
3M™ Coban™ NL Non-Latex Self-Adherent Wrap is a cohesive elastic wrap constructed from a nonwoven material and elastic fibers. The product is not made with natural rubber latex. The cohesive properties allow the wrap to stick to itself but not to other materials or skin. The product can be torn by hand, thus requiring the use of scissors.

**Indikation für Verwendung**  
Coban™ NL Non-Latex Self-Adherent Wrap is intended for use as an elastic wrap to provide compression or support, or to secure dressings or devices. This product is not designed, sold or intended for use except as indicated.

**Contraindikationen**  
None known.

**Warnings**  
1. Coban™ NL Non-Latex Self-Adherent Wrap war nicht für den Anwendung nach Entfernen der Verpackung zu lösen. DO NOT wickeln zu fest, um die Durchblutung und die Zirkulation zu beeinträchtigen. Wenn Sie das Produkt entfernen, um es wieder zu verwenden, richten Sie sich auf die Anweisungen im Dokument "How to Use Coban™ NL Non-Latex Self-Adherent Wrap".  
2. Wenn verwendet als Kompressionsystem, ist es wichtig, dass ein ausreichender arterielles Blutfluss vorliegt, um die Risiko von Kreuzkontamination zu verhindern.  
3. Wenn verwendet als Kompressionsystem, ist es wichtig, dass ein ausreichender arterielles Blutfluss vorliegt, um die Risiko von Kreuzkontamination zu verhindern.

**Directions for Use**  
1. Umwickeln approximately 10 inches of Coban™ NL Non-Latex Self-Adherent Wrap from the roll and secure the wrap to itself.  
2. Without stretching, apply the wrap to the wound or dressing and secure it with a clip or tie.  
3. Remove the wrap, applying tension to the wrap to obtain certain compression. See Figure 1.  
4. Wenn verwendet als Kompressionsystem, ist es wichtig, dass ein ausreichender arterielles Blutfluss vorliegt, um die Risiko von Kreuzkontamination zu verhindern.  
**Störung / Shelf Life / Disposal**  
This product should be stored at room temperature. Avoid extreme heat and humidity.  
Best for patient use, store Coban™ NL Non-Latex Self-Adherent wrap in its individual package until use. For shelf life, refer to the date printed on each primary package.

**How supplied**  
Supplied in boxes of individual packages, 10 rolls of Coban™ NL Non-Latex self-adherent wrap are 5 yards (4,5m) long stretched, except for the 10 rolls of 2,5 m (6m) stretched.

**If you have any questions or comments, please contact the 3M Health Care Customer Helpdesk at 1-800-228-3957.**

**Please report a serious incident occurring in relation to the device to 3M and the local competent authority (EU) or local regulatory authority.**

**3M™ Coban™ NL**  
Non-Latex Bande auto-adhesive

**Non-Sterile**

**Produktbeschreibung**

Les bandes auto-adhesive 3M™ Coban™ NL sans latex sont des bandes élastiques cohésives constituées d'un support non tissé et de fibres élastiques. Le produit ne est réalisé avec latex de caoutchouc naturel. Grâce à leurs propriétés cohésives, les bandes adhèrent sur elles-mêmes, mais ne collent ni à la peau, ni à d'autres matériaux ou à la peau. Le produit se peut couper à main, par le doigt ou avec des ciseaux.

**Indications d'utilisation**

Les bandes auto-adhesive 3M™ Coban™ NL sans latex sont indiquées dans les traitements compressifs, la contention, ainsi que le maintien de pansements ou de dispositifs médicaux.

**Contraindications**

None known.

**Warnings**

1. Coban™ NL Non-Latex Self-Adhesive Wrap war nicht für den Anwendung nach Entfernen der Verpackung zu lösen. DO NOT wickeln zu fest, um die Durchblutung und die Zirkulation zu beeinträchtigen. Wenn Sie das Produkt entfernen, um es wieder zu verwenden, richten Sie sich auf die Anweisungen im Dokument "How to Use Coban™ NL Non-Latex Self-Adhesive Wrap".
